

ICA Council on Chiropractic & Pediatrics
Annual Super Conference on Chiropractic & Pediatrics
August 20-21, 2010
The Westin Times Square
New York, New York

.Conference Objective: To provide doctors of chiropractic with a quality clinical program in caring for the pediatric patient, including pre-natal care. The program is designed to expand and improve the doctor's diagnostic and clinical skills, enhance their knowledge and treatment of pediatric care through lectures, interactive sessions and case management discussions and presentation of the latest research so the care they provide children and pregnant women is always safe, effective and of a high technical and professional standard
